Summary: DOC detected 7 items | PDF detected 11 items | AI confirmed 4 items

The system uses DOC + PDF + AI voting logic. AI serves as a third checker when DOC and PDF conflict. AI is skipped when DOC and PDF already agree.

Executive Summary

Overall Decision: **NEEDS MANUAL REVIEW**

Main Reason: The manuscript generally follows the template but contains inconsistencies that require manual review.

Critical Failed Items:

- Graphical Abstract
- Methodology
- Results and Discussion

Items Needing Review:

- Article Title
- Authors
- Affiliations
- Malay Abstract (Abstrak)

Suggested Action: Editor should review the highlighted issues before proceeding.

Overall Result

Metric	Score / Value
Final Status	NEEDS MANUAL REVIEW
Final Score	70/100
Structure Score	47%
Layout Score	78%
Formatting Score	93%
Detection Method	DOCX-First + Multi-Source AI (v5.7.1)
Decision	MANUAL REVIEW

How Items Are Evaluated

DOC + PDF + AI SKIPPED	PASS	Both deterministic detectors agree
DOC + PDF + AI CONFIRMED	PASS	All three confirm
DOC + AI	NEEDS REVIEW	DOC+AI confirm, but PDF layout conflicts
PDF + AI	NEEDS REVIEW	PDF+AI confirm, but DOC source extraction fails
DOC only	NEEDS REVIEW	DOC detects, but PDF+AI don't confirm
PDF only	NEEDS REVIEW	PDF detects, but DOC+AI don't confirm
AI only	NEEDS REVIEW	Only AI confirms (deterministic detectors failed)
None	FAILED	All three fail to detect required item

Status Explanation

PASS — Item follows the template structure, position, and formatting.

WARNING/NEEDS REVIEW — Item exists but evidence is inconsistent or layout differs from template.

FAILED — Required item truly missing after DOC/PDF/AI checks.

Detailed Findings

Article Title [title]

A. Structure Evaluation (DOC + PDF + AI)

Expected: The 'Article Title' section must exist.
Found: Matched heading: "A Review of Polymer Enhanced Ultrafiltration Using Carboxymethyl" | Detection method: score_ranking
Confidence: 1.00
Detection Method: score_ranking
DOC Detection: NO
PDF Detection: YES
AI Detection: YES
AI Confidence: 1.00
AI Evidence: PDF snippet contains a full and clear title section with authors and affiliations. DOC snippet text matches but was not detected by the DOC detector,
Evidence Sources: PDF + AI
Final Source Used: PDF + AI
Status: WARNING
Reason: Component found but evidence is inconsistent.

B. Layout / Coordinate Evaluation

Expected: Page 1, left-center area, top area
Found: Page 1, left-center area, top area
Position Check: PASS
Reason: Position matches expected template region.

C. Formatting Evaluation

Expected: Heading should be in uppercase style.
Expected: Heading should use bold font.
Formatting Check: WARNING
Reason: Formatting differs from template expectations.
Overall Item Status: WARNING

Authors [authors]

A. Structure Evaluation (DOC + PDF + AI)

Expected: The 'Authors' section must exist.
